

**Damali Lavender Farm and B&B
Weddings and Special Occasions**

Damali Lavender Farm is a beautiful place to celebrate your special wedding day. Thirteen acres with fields of lavender, vineyard, labyrinth and gazebo and wooded areas provide many choices of backdrop for ceremony and pictures. The main lavender fields are blooming from late June to mid August when our major harvest is complete, but smaller beds of lavender continue to bloom into October when the vineyard is also at its prime. The lawns and covered verandahs are perfect for setting up tents and chairs for your reception of up to 120 people with views over meadows, lavender & vineyard. The B&B guestrooms are perfect for the Bride's preparations and are a great place for special guests to spend the night before & after the festivities. Wedding Packages can be customized with the special touches to make your occasion truly unique.
